

Are you **aching** for events when **lockdown is over**? Do **you** feel there **aren't enough** funds to go by? Do you want a **friendly** and approachable student officer you can share **your problems** with? Look no further then **Daayam Malik**! I have experience organising fun socials and am motivated to bring about real change. Being an international student, I also understand what many students at Salford go through. So, I promise to put you, the student first and further our needs, especially in these times. So, vote **Daayam Malik** and let's have a chat once university opens! Have a blessed day ahead :))
