

# International Students officer

## Vote Muhamadu Liman

### Support

Voting for me means a vote for more support. From adapting to life in the UK to knowing how we can prepare for graduation and even what opportunities are available to us afterwards.

### Availability

A vote for me is a vote for an officer who will be active and available in supporting you through your academic journey.

### Creativity

A vote for me is a vote for creative ideas and solutions that can help us all in the short and long term.

As International students we often have problems that unique to just us and as much I want to credit any school for their effort at looking after us It really takes one of us to truly understand.

I've been a foreign student, in one way or the other, for most of my life so I definitely know what our experience is like. I have your best interests at heart, and I pledge to support you in any way that I can.
