- 8.6 Candidates can use social media to promote themselves during an election but are advised to familiarise themselves with the University's policy on the acceptable use of its ICT network and facilities. In particular, candidates and their supporters must not send unsolicited campaigning emails or messages to students where they have not received express permission from the recipient to utilise their contact details for that purpose. This includes the use of mailing lists that have been provided to the candidate by the

Union for a different purpose, for example a candidate who has been a School Rep should not use the list of course rep contacts that they are provided with, in order to send campaigning emails during the election period.

8.7 Due to the ongoing pandemic, candidates should adhere to social distancing measures at all times. All candidates should adhere to the [University's Covid-19 Stay Safe Guidance](#) at all times.

8.8 To support the Stay Safe Guidance, posters should not be displayed in any buildings on campus at any time.

8.9 Candidates should refrain from handing out campaign material, including leaflets, to students throughout the election period.

9.1 Activity groups and sports clubs may endorse and promote candidates using all free methods available to them. E.g. Facebook, websites etc.

9.2 Decisions by activity groups and sports clubs to endorse candidates should not be made by the candidate themselves. Normal decision-making processes for the group should be used, a decision of the full committee or a vote of group members is recommended.

9.3 If a group/ sports club decides to endorse a candidate mailing lists are deemed to be owned by the membership of the group, so committee approval is required to allow use of the list. Use of these lists must be in line with USSU GDPR guidance.

9.4 Activity groups and sports clubs must not use their own funds to campaign for candidates.

10. Complaints

10.1 Any complaints about candidates must be raised in a timely fashion and no later than by 9am Friday 13th November, when the count will commence. Complaints should usually be submitted no later than 24 hours after the alleged misconduct occurred

10.5 The Deputy Returning Officer may designate other Union staff to investigate a complaint.

10.6 The Deputy Returning Officer will assess the evidence, allow the candidate to present their case and then make a recommendation to the Returning Officer who shall rule.

Appendices

Voter Eligibility

Eligibility for receiving an electronic vote in the Trustee Board elections will be to include students registered on all levels at the University by a date before the election determined by the returning officer. This includes all current registered students who are enrolled for that academic session. **This does not include students who are interrupted from their studies.** For the avoidance of doubt eligibility would also not include the following students (due to their status within the University, or the inability to capture their data in time to process it for use in the ballot):

- visiting and exchange students from overseas
- students who have requested that the University does not share their data with the Students' Union,
- students who have exercised their right not to be a member of the Union under the 1994 Education Act.

Regulations on Trustees during elections

Sabbatical and Student Trustees are free to promote to students the opportunities offered by standing as a candidate in a Union election. This may extend to identifying individual students as potential candidates and encouraging them to participate.

Sabbatical and Student Trustees may, in a personal capacity without reference to their Trustee role, endorse the candidacy of any individual they wish to support and/or support them in their campaign.

Should a Sabbatical Trustee wish to provide campaigning support for a candidate then this should take place in a personal capacity and in their own time. Should a Sabbatical Trustee wish to campaign for a candidate during the usual working day then the expectation is that they would take annual leave from work, and not use the Union or University facilities at their disposal as a Sabbatical Officer in order to do so

External Trustees should not involve themselves in the election process other than when required to within Trustee Board meetings in ensuring good governance of the Union.
